

Let's PLAY!

LOOK AROUND!

Shapes are hiding all around this room.

Do you see any circles?

Can you spot some squares?

Try and find a triangle!

Imagine a restaurant for animals.
What would it serve? Who would eat there?
Draw what you think an animal restaurant might look like.

DRAW!

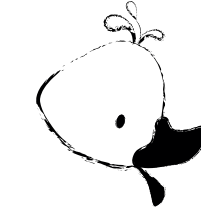

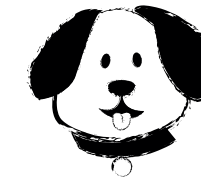

PLAY TOGETHER!

Find **5 or 6** items within easy reach (for example, a fork, spoon, napkin and salt shaker) and line them up. Have your child take a good look at them, then close his or her eyes. No peeking! While your child's eyes are shut, take away one of the objects. Then, have your child guess what's missing. Take turns!

MATCH!

Help these animals find their homes.
